Let's Meet Halfway

The road to success in life is often paved with compromise — willingness to meet each other halfway. Our success at ASD is achieved by the willingness of student and staff reaching out to each other and meeting at the halfway point, where the greatest understanding is found. As we travel down the road of life, we will all remember ASD and someday we will meet again halfway.

An Evening of

Starlight Memories

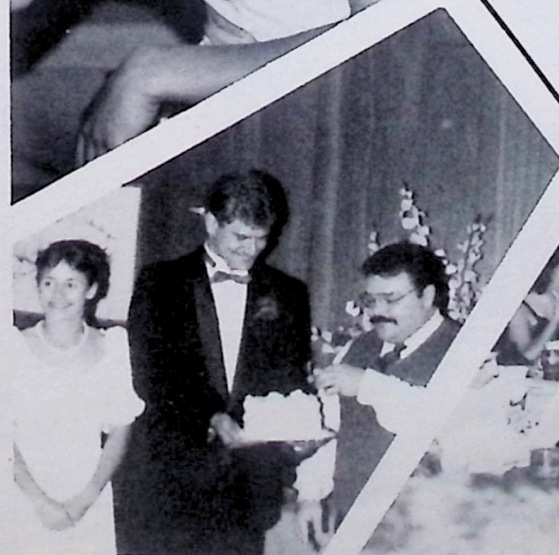

"Poem"

Memories, like stars, outshine the dark days in our lives. Everywhere we look, darkness surrounds us until we see our friends, family and loved ones. They, and they alone, can influence our lives and make us shine like the reflections on a lake from the stars up in the sky.

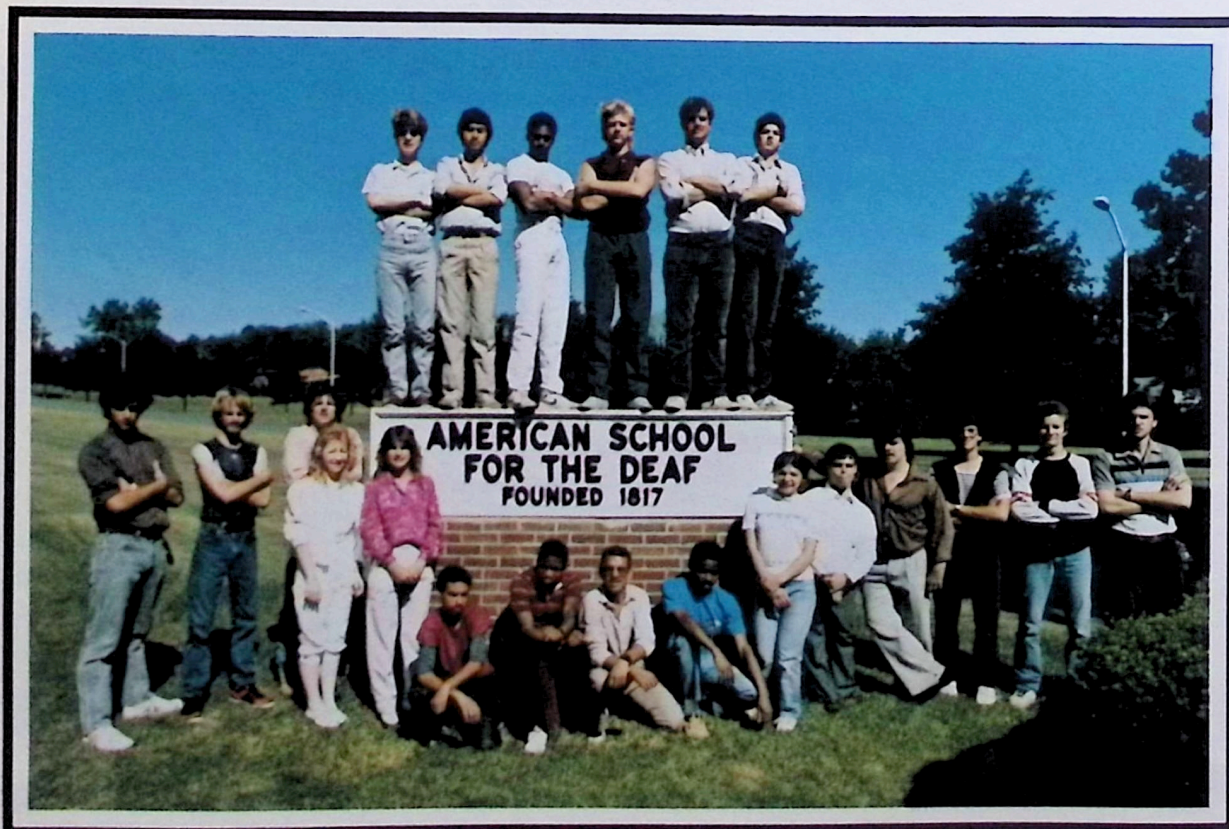

Tonight, memories will be made — Dreams stashed away in the stars above — And someday, somewhere, when we are out gazing up at these stars, we will look at them and remember, The Way We Were.....

Dedication

We the Class of 1987 would like to dedicate our yearbook to two very special people. Their support and guidance have helped us build a strong road to the future. They will always be in our hearts and memories.

This person has taken care of us for many years. She is very friendly, helpful and understanding. She has a special way of making us feel better when we are sick. When we forgot to take our medicine she would always chase us down. She cares about all of us and we love her like a mother. We the Class of 1987 are proud to dedicate this yearbook to Shirley W. Jefferson.

This person has an excellent personality. When we come to him with a problem he is always willing to help us smooth it out. He taught us that with respect, courage and cooperation there is always an answer to any problem. He expects only the very best from us and helps us improve ourselves. He does all these things with concern, kindness and a wonderful sense of humor. We the Class of 1987 are proud to dedicate this yearbook to Eric Schroeder.

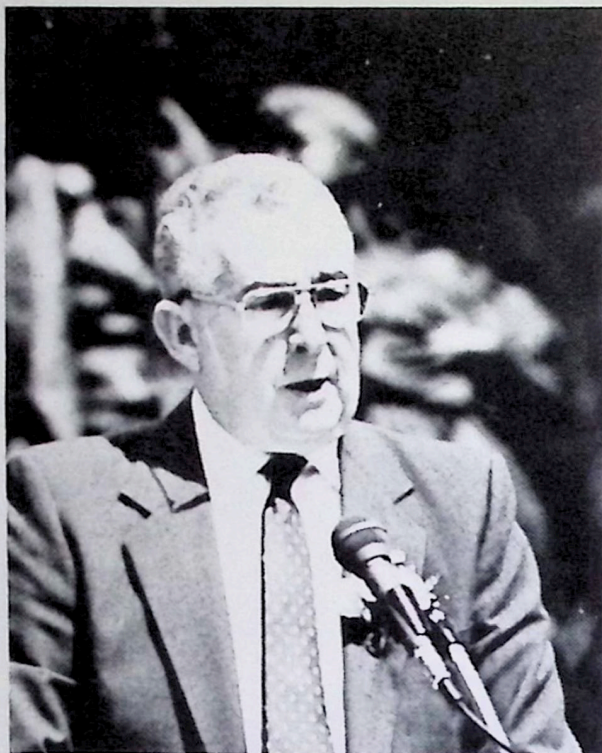

Administration

WILLIAM A. O'NEILL
GOVERNOR

STATE OF CONNECTICUT
EXECUTIVE CHAMBERS
HARTFORD, CONNECTICUT

To the Class of 1987:

On behalf of the people of Connecticut, it is an honor and a pleasure for me to extend my congratulations and best wishes to the Class of 1987 at the American School for the Deaf.

Your years of school have given you a solid base of knowledge. You must now use that knowledge as the foundation on which to build your lives.

The American School for the Deaf is part of an educational system that is among the finest in our country. It has provided thousands of students with the opportunity to go forward and become productive and responsible members of society. Its graduates form an honor roll of successful national and international leaders, professional people and artisans. Today, you join that tradition of excellence.

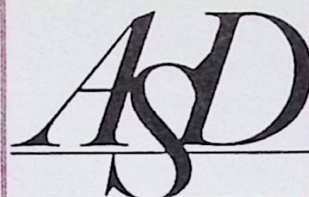

It is my hope that, in the months and years ahead, you will never stop learning nor questioning yourselves. You must meet each challenge with the best that is in you. Saint Francis deSales put it simply but very much to the point when he said, "Do not wish to be anything but what you are, and try to be that perfectly."

Above all else, in anything you do, remember your roots. If you honor those who raised you, treasure your friends and neighbors, and use wisely and well your knowledge and skills, you can only be a better person and our world a better place in which to live.

It is my hope that your graduation will be a memorable and enjoyable occasion for you, and that you will find new challenge, reward and happiness in all of your future endeavors.

AMERICAN SCHOOL FOR THE DEAF

The Class of 1987

Dear Seniors:

On June 18, your parents, your fellow students, your friends and your teachers will watch with admiration and great joy as you step across the platform to receive your high school diploma. That Thursday afternoon will be the most important day of your life, and we hope, the first of many, many more important days to follow.

When you leave the campus, the stage will be struck, the caps and gowns put away, the books shelved, the classrooms darkened, and, as the shadows lengthen, we will already be turning our thoughts to the new semester.

The first teacher of this school, Laurent Clerc, once described "gratitude" as the "memory of the heart." And we will remember you in our hearts and be grateful that fate was kind enough to place us here together, for a space of time, at the American School for the Deaf. Godspeed.

Frank Asklar and David Halberg, who completing their 26th and 34th year of teaching at ASD, are alike the Atlantic Ocean represented in Moby Dick written by Herman Melville: "And the great blanket of sea rolled as it rolled five thousand years ago." They are simply rolling on in their daily teaching to ASD students.

Anna Andrews and Betty Young upgraded the High School Reading Program by taking a course "Diagnosis and Remediation of Reading Difficulties" last spring and have been a big plus in this year's program.

Mary Pacyna did a fantastic job planning and setting up the Drug-Alcohol week, workshop for the staff on Child Abuse and many other things too numerous to mention.

Donna Wilson carries on the STRIPES, a newspaper written by her students for ASD students and staff to read bimonthly.

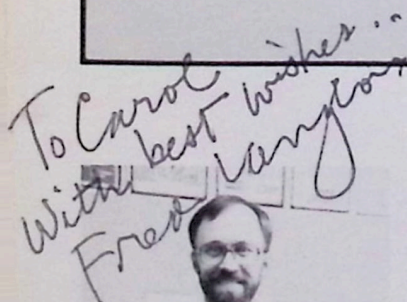

And where does that leave Marilyn Brown? Oh yes! It was great having her back with us on January 5, 1987 after two months of "sick leave" from her teaching position.

And last but not least is the High School Secretary, Betsy Denorfia, who has done yeoman work keeping the High School Department on the line of communication, corresponding, daily absentee list and information, and for the Class of '87 — preparation in Diploma and Award Day — Thanks, Betsy!

The Lower School staff is a wonderful mix of new and experienced teachers. This makes for a vital, exciting staff who teach and learn from each other. You could not find a group more dedicated, more involved and more caring than the Boatner and Cogswell teachers. Their energy, enthusiasm and skill are evident in the classroom.

In this, A.S.D.'s *Year Of Excellence*, the Lower School staff truly represents all that is good and right in today's schools.

The Upper and Lower PACES Programs are integrated parts of the American School for the Deaf. PACES students are involved with the after-school social and recreational programs and have the option of attending regular ASD classes after initial placement in PACES. We are always proud and happy when we see a PACES student moving into a regular ASD class.

The PACES Program does not exist to punish students for bad behavior. Our goal is to help students learn to solve their problems through counseling, informal discussion, and shared experience.

We have a lot of fun together too. PACES has its own special parties, student awards, field trips, and other activities. The staff tries to make being in PACES as positive an experience as possible for the students.

The Residential Life/Family Services Department has had a very busy 1986-1987 school year. The Live skills program has expanded and its goal to offer high school students an opportunity to receive a taste of "Life after ASD" with an emphasis on budgeting, banking, food preparation and general apartment living. In January 1987, one of ASD's cottages was renovated and two students were placed within this special "home-like environment". A drug and alcohol awareness program was designed for students along with a large variety of entertainment groups brought to the students, such as Signonymous, Sunshine Too, National Theatre of the Deaf and many more. From the Parent/Family Services portion of the department, we have continued to increase the number of free sign language classes, parent support groups and have established a newsletter (ASD Connection). The Residential Life Department has continued to expand and improve our programs.

Valentine Party

PACES

Valentine Carnival

Sponsoring its annual Valentine Carnival on February 13, 1986, the PACES Residential Life Program greeted many students into the gallery of Gaudet Hall Chapel, engulfing in games of challenge and a real opportunity to display an act of giving.

Jose Lopez and Carol Salls were named King and Queen of the '86 Valentine Carnival.

Proceeds of this event were partially given to the Joseph Giordano Memorial Fund and to the PACES Residential Life Program. Partial proceeds from the 1987 Valentine Carnival will be given to the Shirley Frank Foundation in efforts to help with the war against drugs and alcohol.

Irish Party

It was an Irish day for everyone who attended the St. Patrick's Day Party in the wrestling room on March 17, 1986. The Class of '87 sponsored the party and Mark Bouchard was the Chairperson with Brendan Ward serving as his assistant.

The party was filled with all shades of green coming from costumes, decorations, hair coloring, the shamrock cake and the punch. We were all entertained by music and a variety of games. Gift certificates to Baskin Robbins were presented to the winners. Individual pictures were taken to make the event a memorable one. Everyone who attended the party definitely had a fabulous time.

Deaf Heritage Week

A Look At Our Past

The American School for the Deaf annually conducts a week-long Deaf Heritage program designed to provide our very special students with an appreciation of our school's history, its place in our community, and the successes of its most exemplary alumni.

The week commences with an Open House at the school for residents of our community.

Visitors tour the campus, observe classes and visit our museum. Traditionally, a special Founder's Day performance by the Upper School students is scheduled, followed by the placing of wreaths at the campus statues of our founders, Thomas Hopkins Gallaudet and Laurent Clerc.

Communication Art Day

A Day of Fun and Learning

The fourth annual Communication Arts Day at ASD was held June 17 for students in grades 6-12. The purpose of the Day is to focus on Creative Arts, verbal and non-verbal communication. Vocational and academic teachers and students select the activities for the day. Teachers present activities they will lead and students select activities they are interested in doing. It is an opportunity for students to learn how expressive they can be as communicators and for teachers to see how creative the students can be. The communication arts activities which students selected this year were: World Games (Password and Wheel of Fortune), Face Painting and Mime, Storytelling, Square Dancing, Treasure Hunt, Drama "This is Your Life", and Sidewalk Art. The colorful, imaginative student designs on the sidewalk at the south side of the Gallaudet Building was the biggest surprise of the day! The Wheel of Fortune, designed by David Woodward, Woodworking Teacher at ASD, and built by senior Andy Wing will provide many more hours of fun for future ASD students. The day ended with each class 1986-1993 sending off helium filled balloons carrying their messages of hope, peace, and joy.

Commencement Day Honor

Beverly Berube and Brendan Ward were chosen by the staff and students to be Junior Marshalls for graduation on June 19, 1986. The criteria for even being considered for this highly honored position is as follows: they must be outstanding students, have good attitudes, possess leadership qualities, and must participate in extra-curricular activities, such as sports, Jr. CAD, be a dormitory officer, etc. It is indeed a high honor to be chosen as Junior Marshalls to lead the procession of graduates on their commencement day.

LIVE THE DREAM — Say No to alcohol and drug abuse

Drug abuse is a widespread problem and more young people are being exposed to drug abuse everyday. Drug and Alcohol Awareness week, a positive action toward preventing drug abuse, helped students to learn about the effects and risks of drugs. During the week of December 8-12th, students were involved in mini-sessions given by outside presenters.

Students were also involved in a poster and essay contest to promote "JUST SAY NO!" And had the opportunity to meet with representatives from the Shirley Frank Foundation and the Connecticut Alcohol and Drug Abuse week for all involved, but let's hope that together, teachers, staff, students, parents, and the community, we can discourage drug abuse so it never becomes a problem.

Punk Party

Exotic Night

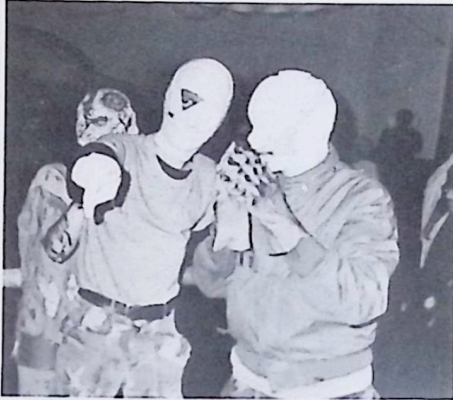

On Sept. 29th, the Clerc Girl's Dorm hosted a Punk Party. Boy! Was it a sight! Everyone came dressed in the wildest of colors and the craziest of punk clothes. To be sure that everyone had that special finishing touch, we "rocked" them over to our Hair Punk Parlor where they teased, greased, slicked and sprayed on the wildest of colors and styles.

Once everyone was ready, we had a contest to see who was the punkiest punk of all. The winner for the boys was Jason Klein and for the girls, Lee Williams, "Sully" Sullivan was the winner for the staff. To raise money for the Clerc Activity Fund, the girls made and sold lots of goodies that were enjoyed by all. Most of the students were full of the punk spirit and has a great time dancing and playing games. Thank goodness that they don't dress or look like that everyday!

Halloween Party

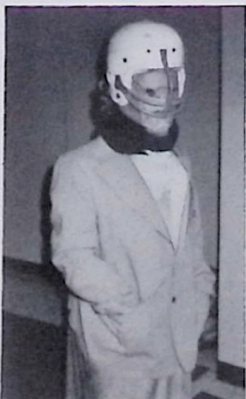

The Night the Ghoulies Came Out to Play

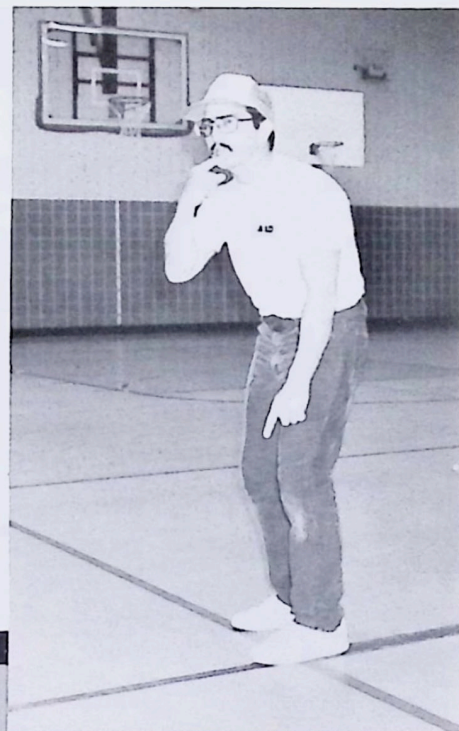

On October 30, it was a night to beware! Gallaudet building was crawling with all kinds of goblins, as well as clowns, guaranteed to give a fright or at least a laugh! A trip through the haunted house brought you past a strobe light, through some slimy spider's web and (argh!) past the creepy crawly monsters.

There was a costume contest with winners that would even frighten Dracula! The refreshments would tickle and please the pickiest monster. Hiram Arroyo, Master of Ceremonies, directed the evening's events down to the very last Boooooooo! A ghoulish good time was had by all!

SPIRIT

Homecoming '86 was a fun-filled week. We began SPIRIT week on Tuesday with "Crazy Day". Students dressed up in their wildest outfits. On Wednesday, the halls smelled of mousse & gel as students styled their hair into various hair-dos. On Thursday the kids roamed around in their pajamas as the Jr. Class sponsored Pajama Day. The week culminated with Orange & Black Day to represent our school colors. Activities continued as students gathered into the Gym to boost the spirits of our volleyball and soccer players. Mr. McChord announced the queen & her court. Each class presented a skit . . .

Homecoming Day

... The judges for the skits were Mrs. Brown, Mr. Farquhar, and Mrs. Andrews. They proudly announced the Senior Class as the winners. After dinner, the Senior Class sponsored a Scavenger Hunt. Students turned in for the night and on Saturday has a large breakfast. Volleyball began at 10 a.m. with ASD players playing against the ASD Alumni. At 2 p.m. Heidi Clemmey and Pam Giglio signed "Star Spangled Banner" and the soccer game commenced. Homecoming Festivities ended with a final score of ASD 1 to Alumni 1.

Christmas Prom

The Night of Glitter

On the rainy night of December 18, 1986, 110 students and staff, seeking an opportunity to spill their Christmas Spirits, attended the Christmas Prom, hosted by the Class of 1987 entitled Masquerade Ball. Masks and horns filled the room with a special glitter.

A magnificent feast, featuring roast turkey, was devoured by all. The Christmas songs were signed by Brad Moseley and Nancy Zurek . . . who were joined by the guests. Dancing to the music followed which continued well through the merrifol night. "Ho", "Ho" . . . oh! That's right, the Ball was highlighted by the arrival of Santa Claus, delighting the enthusiastic guests.

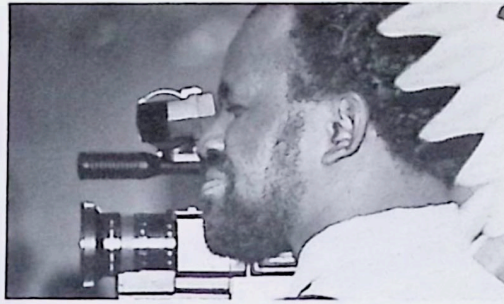

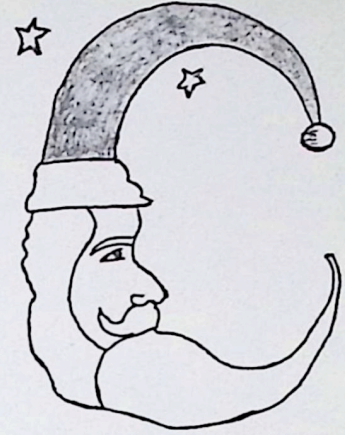

Thud! . . . Santa skidded and fell on the floor, sending his red hat and white wig down the floor. Opps . . . his real brown hair exposed, embarrassed, but brave, he continued to delight the prize winners with his presents, "ILY" mugs.

After his departure, the music continued until 11:00 p.m. It was the night to be remembered for years to come.

Family Style Dinner

A Touch of Home at ASD

Meals at ASD are usually served cafeteria style. What would it be like if we ate family style? On October 15th, the Sophomores sponsored our first family style dinner. Staff and students are assigned to specific tables which were already set. Sophomore students then brought food to each table and everyone enjoyed conversation and eating. Our second family style dinner was sponsored by the Junior Class. This was a delicious Thanksgiving dinner. Seating arrangements were changed to allow different people to interact. We hope to keep up this tradition at least three or four times per year!

— Fern Reisinger

Where Were You When the Lights Went Out?

On Wednesday, a week before Thanksgiving, or was it on a Tuesday? "Poosh" . . . the "flame" that feeds the electricity at ASD was blown out by an early devastating winter storm, which left the happy students with a good excuse for not doing any classwork or homework. Instead, the "stranded" were entertained by some creative activities for which the lighting was provided by battery-powered flashlights. The darkness lasted for three long days. Finally . . . "Click" . . . the lights went back on, however the school stood silently deserted for everyone had gone home.

The Christmas Play

The ASD Christmas Program — Written and directed by Leslie Warren

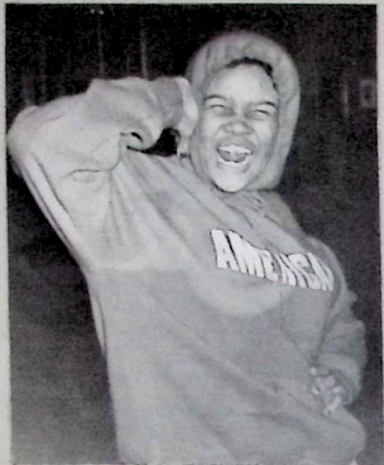

The Greatest Gift's of All, plagued by flu epidemics and bad weather, proved to be another fine production by our students.

The students expressed their own ideas about special Christmas gifts. Special invited guest performer, Keith Vinci, who played a "scrooge" type character, was given gloves for signing, shoes for dancing; a camera for Christmas photos and other creative gifts that focused on the spirit of the holiday.

Assisted by Barbara French, Teri Coughlin, Scott Robinson, Rosemarie Marrero and Betty Blanchard, the play was not only fun to watch but visually festive with the very colorful decorations.

Remembrance of the Class of 1987

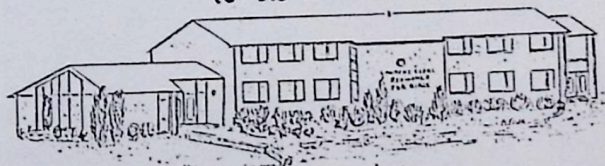

As you look back at these years at A.S.D. which have passed, finally, you'll be with sadness, yet excited about your future. Many will always remember A.S.D. as a small community that gives us a chance to know everyone. As the time draws near for you to leave, along with your classmates, you probably feel nervous and uptight. But before you go, don't forget to glance at A.S.D. one more time and think of all these memories filled with happiness and tears.

The Gang of 1987

We've come to a time in our lives to reminisce and to dream, to look back on the many years we've had together and to look ahead to the challenges that lay before us.

We, the 1987 graduates, extend our whole hearted thanks to all the people at the American School for the Deaf, who stood by each of us faithfully throughout our years of valuable learning.

We wish the best of luck to the Class of 1988. You are about to enter the final stage at A.S.D. before your grand encounter with the world of great opportunities.

Love you all!
